SUMMARY

Dynamic Instructional Designer with expertise in human centered design, inclusive design, codesign, and assessment development. Experienced in managing projects, conducting SME interviews, and creating online courses. Skilled ICU Respiratory Therapist, adept at cross-unit collaboration and patient education.

Experience

Muzzy Lane - Education Design Lab

May 2025 - Aug
2025

Instructional Designer - Assessment Development

- Utilized expertise in Instructional Design, Adult Education, Assessment Writing, and Prompt Engineering to develop a comprehensive series of 27 online assessments for the Masters in Health Administration program at Western Governor University while working as an Instructional Designer - Assessment Development at Muzzy Lane - Education Design Lab.
- Leveraged advanced AI prompting techniques within the native AI interface of Muzzy Lane to ensure the assessments met the program's requirements and objectives.

Education Design Lab

May 2022 - May 2025

Instructional Designer

- Demonstrated expertise in instructional design, training, and e-learning within the education sector.
- Proficient in developing engaging online courses and multimedia content using tools such as Articulate Storyline, Camtasia Studio, and Audacity.
- Managed end-to-end instructional design projects, collaborating with Subject Matter Experts to ensure content accuracy and relevance.
- Skilled in curriculum development and design, specializing in adult education and blended learning methodologies.
- Experienced in utilizing various Learning Management Systems including Thinkific, D2L, and Canvas to deliver high-quality educational materials.

State of Colorado (OEDIT division)

May 2022 - Dec
2022

Instructional Designer

Intelligence, Program Development, Content Strategy, Workflow, Adobe Photoshop, WordPress, French, Illustration, ROI Analysis, Psychology, Content Management, Equity Analysis, Functional Skills, Evaluation Methods, Design, Coordination, Partnership Management, Content Management System Platform, Professional Development, Technical Proficiency, Development Assessment, Process Design, Universal Design for Learning, Learning Platforms, Design and Technology, Storyline Management, Design Education, Stakeholder Communications, Instructional Materials, Design Facilitation, Asynchronous Learning, Standardization and Compliance, Assessment Design, User Experience, Generative AI, Thinkific, Language Skills, Microsoft Excel, Implementation, Communication, Leadership, Hospitals, Patient Safety, Respiratory Therapy, Patient Education, Critical Care, Icu, BLS, Acute Care, CPR Certified, NRP, Ventilator Management, Cross-Unit Collaboration, Cross-Specialty Collaboration, Acls, Training, E Learning, Curriculum Development, Curriculum Design, Adult Education, Blended Learning, SME Collaboration, Assessment Writing, Prompt Engineering, Camtasia, Learning Management Systems (LMS), Healthcare, Medical Devices, Healthcare Management

- Utilized expertise in Instructional Design, E-Learning, and Curriculum Design to collaborate with Subject Matter Experts in marketing.
- Developed engaging online learning modules using Articulate Storyline and Camtasia Studio for a grant-funded program aimed at fostering the growth of local businesses.

Children's Hospital Colorado

Feb 2017 - Nov 2019

ICU Respiratory Therapist

- Demonstrated expertise as an ICU Respiratory Therapist at Children's Hospital Colorado, specializing in neonatal, cardiac, and general pediatric ICU units.
- Proficient in ensuring patient safety through comprehensive respiratory therapy interventions, ventilator management, and CPR certification.
- Skilled in cross-unit and cross-specialty collaboration to deliver critical care services.
- Knowledgeable in BLS, NRP protocols, and adept at providing patient education on respiratory health.
- Experienced in acute care settings, contributing to the seamless operation of high-acuity environments.

New Hanover Regional Medical Center

Nov 2011 - Sep 2016

ICU Respiratory Therapist

- Demonstrated expertise in respiratory therapy within the neonatal and adult ICU units at New Hanover Regional Medical Center.
- Applied advanced skills in patient safety, respiratory therapy, and critical care to deliver high-quality care.
- Provided patient education on respiratory health and ensured adherence to ACLS and BLS protocols.
- Maintained certifications in BLS, NRP, and ACLS to uphold standards of acute care excellence.

Children's Hospital Colorado

ICU Respiratory Therapist

- Provide specialized respiratory care to critically ill pediatric patients in the ICU setting at Children's Hospital Colorado in Denver.
- Administer and monitor mechanical ventilation, oxygen therapy, and airway management procedures.
- Collaborate with interdisciplinary healthcare teams to develop and implement individualized respiratory treatment plans.
- Ensure adherence to hospital protocols and standards to optimize patient outcomes and support a safe healthcare environment.
